

MADDEN SCHOOL OF BUSINESS

The Madden School of Business offers a Bachelor of Science degree in business with majors in: accounting; business analytics; finance; human resource management; information systems; management & leadership; marketing; and risk management and insurance.

All undergraduate business majors in the school share a common liberal arts core and a common management core. Major requirements beyond the two cores vary from five to eight courses. Students have several opportunities to pursue two concurrent majors within the school. In addition, students can choose to supplement their major in business with a minor in a different field. All students are encouraged to discuss these options with their academic advisors.

A minor in business administration is offered for students who major in one of the liberal arts or sciences. In addition, the school also offers a master's in business administration (MBA) and a five-year accounting/MBA program, a master's of science in information systems (MSIS) and a five-year accounting/MSIS program.

Mission Statement

The Madden School of Business seeks to develop reflective individuals, with an innovative spirit who will fulfill their potential as leaders, both locally and globally, embodying the Jesuit values of integrity, compassion, and service to others. Students are empowered and encouraged to explore and, having found what they are passionate about, to excel in their chosen fields. The members of the faculty challenge and enable students to attain their full potential through experiential involvement, ongoing scholarship, and up-to-date methodology.
